

Colgate School Newsletter

July 2017

Dear Parents and Carers,

It's been a really busy and exciting term. The children have all worked really hard this year and we are all very proud of the progress they have made. Please see the school's Year 6 SATs results below. The children proved that they know their stuff!

End of year reports will be out at the end of next week, we will email you to let you know they're coming home. If you have any questions about the report, please speak to your child's class teacher or call the school office.

We have organised an Education City login for every child. This is an online learning platform which has some really good interactive games for the children to use. It also has a homework facility which we will investigate next term. For now, please just have a go with your child, they should be able to teach you as it is used in school by the teachers. Logins have come home today on a slip of paper. If it doesn't make it home, please come into the school office where we can provide you with a copy.

The collated results of our Parent/Carer questionnaire are below. Thank you to those of you who completed one - it helps us to plan our next steps as a school. We have now developed our new School Development Plan which starts in September. The school's five targets are as follows:

- Learning and therefore progress is maximised for all groups of learners
- Our language of learning promotes confident and independent learners across the school community
- The curriculum is driven by hooks for learning and embraces the school environment.
- Leadership, at all levels through the school, promotes the best outcomes for children.
- To work together as a school community to achieve the best outcomes; levels of communication, expectations and trust are high between all members of the school.

We are also pleased to share our new Vision statement of 'Working together to be our best'. This is underpinned by the existing six school values of Independence, Respect, Communication, Happiness, Responsibility and Creativity.

The children are aware of our vision and values. We use the words and meanings regularly in school. We also use our Working With Others skills to support our vision. Please see the new WWO slot later in the newsletter which explains the skill we are working on at the moment. You may also see your child bring home the WWO baton which is a family learning opportunity to share the skill we are looking at in school.

Can I take this opportunity to thank all of you for your support this year. The school has been so welcoming and I have had such a good year alongside you all.

Have a restful and enjoyable summer break,
Kind regards,
Mrs. Rebecca Winn

Monday 19th February INSET

Easter break 30th March to 13th April

Summer half term 28th May to 1st June

Monday 4th June INSET

END OF TERM Tuesday 24th July 2018

Governor's news

Each newsletter you will find an introduction to each of our Governing body members. This month we are introducing the Vice Chair of Governors Howard Smith.

'I have lived in Horsham for over 50 years, and have two grown-up children (one a primary school teacher) and four grandchildren all now in secondary school.

I have long had an interest in helping young people to achieve their full potential, and was previously involved in the Scout movement locally including nine years as Chair of Horsham District Scout Council.

I retired from practice as a Chartered Tax Adviser in 2008, and became a Governor at Colgate in the following year. In 2010 I became Vice-Chair and later Chair of the Resources Committee (which includes Finance, my 'special subject').

Under our system of assigning a Governor to each year-group, I tracked the progress through school of the children who joined Colgate in the year of my arrival and who left us last summer. I am now enjoying getting to know this year's Reception children in this amazing school.'

Sports afternoon and Summer Fair 2017

Thank you for joining us for the Sports afternoon and Summer fair. The Friends of Colgate PTA, with your support, raised a massive profit of £2000.76!

The Sports Cup was proudly won by the Red team, well done to them and to all the children who gave it their best. Please see the school website for further photos.

Working With Others: This week we are learning to... compromise

Compromise is all about working together and understanding there is more than one correct answer. When children learn to cooperate effectively, they have more positive social interactions, are better able to make/ keep friends and work together successfully in groups. At Colgate our Working With Other skill for these two weeks is **compromise**. Adults can help pupils to remove emotion from a situation so that compromise is possible. Once helped to see both sides, children can be quick to accept mutual concession and then forgive and forget. Practising and discussing ways of compromise at home is a great way to help your child work collaboratively.
